

THE AMERICAN COLLEGE OF SOFIA

Accredited by

February 17, 2014

Dear Ms. Bogdanova-Ivanova,

We kindly invite students from 9th French Language School to attend the Dutch Universities Fair which will be held at the American College of Sofia on Wednesday, March 5, 2014. Please pass this invitation along to students who are in their last or second to last year of high school. If any of these students have interested parents, they are invited as well.

The fair will open at 13:30h with a presentation on the education system in the Netherlands, which will take place in the Concert Hall, Building 5, ACS campus. Please note that, due to metro construction works along Alexander Malinov Blvd., there are changes in the routes of the buses that stop at the College. For more information, please visit ACS website www.acs.bg. The gate in the front of the school will be open for students and parents to enter our campus. Please note that our campus is a smoke free campus. In addition, students who pose behavior problems will be asked to leave.

If your students plan to attend the college presentations please confirm by writing to Mr. Iain McClinton, College Counseling Office Manager: i.mcclinton@acs.bg.

We hope to see your students who may be considering the Netherlands for their future college or university.

Sincerely,

Iain McClinton
College Counseling Office Manager
